non-binary VALUES for commonity*

Sharing values is a tool for finding agreements and setting boundaries. The chart points out values as principles and their interconnection. It does this by focusing on the basic conditions to enable aware interactions in relationships. The chart is a work in progress as forming relations is. Initiated by „die Blaue Distanz.(((Anna Erdmann & Franziska Goralski)

* like "community" but with more "common"

acting values

skills as resource

> pool of human, non-human & material world, immaterial powers
